## Pastorelli JUNIOR STICK

Fiberglass stick with pearl-like effect.

Fixed metallic part with rolling piston: both manufactured in titanium.

- Weight: 19 gr.
- Length: 50,50 cm.

All kinds of Pastorelli sticks have the following features which make them safer:

- fixed metallic part with rolling piston: both manufactured in titanium.
- Instead of a spiral ring, the first ring is welded closed for greater safety and can be used with Pastorelli cord (art. cod. 00428)

## PASTORELLI ROTATOR Stick with Grip

The fixed metallic part is made in Ergan metal, the rolling piston is completely realized in titanium and it has in its interior part a bearing which facilitates the rotation of the piston.

- Length: 50,50 cm.

**Cod.Fig 03517**

- F.I.G. approved

Our apparatus respect the norm valid today.

## PASTORELLI ROTATOR Stick with Grip -LASER line-**NEW!!**

Fibreglass stick in iridescent colours.

The fixed metallic part is made in Ergan metal, the rolling piston is completely realized in titanium and it has in its interior part a bearing which facilitates the rotation of the piston.

- Length: 50,50 cm.

- F.I.G. approved **Cod. F.I.G.: 03517**

Our apparatus respect the norm valid today.

## Pastorelli STICK with Grip

Fiberglass stick with pearl-like effect.  
Fixed metallic part with rolling piston: both manufactured in titanium. Silicon rubber grip.

- Weight: 29 gr.
- Length: 59,50 cm.
- Stick holder included
- F.I.G. approved **Cod. F.I.G.: 00400**

Mod.Rose

## Pastorelli GLITTER Stick with Grip

Glitter fiberglass stick.  
Fixed metallic part with rolling piston: both manufactured in titanium. Coloured silicon rubber grip.

- Weight: 29 gr.
- Length: 59,50 cm.
- Stick holder included
- F.I.G. approved **Cod. F.I.G.: 00400**

Our apparatus respect the norm valid today.

## Pastorelli SHADED GLITTER Stick with Coloured Grip

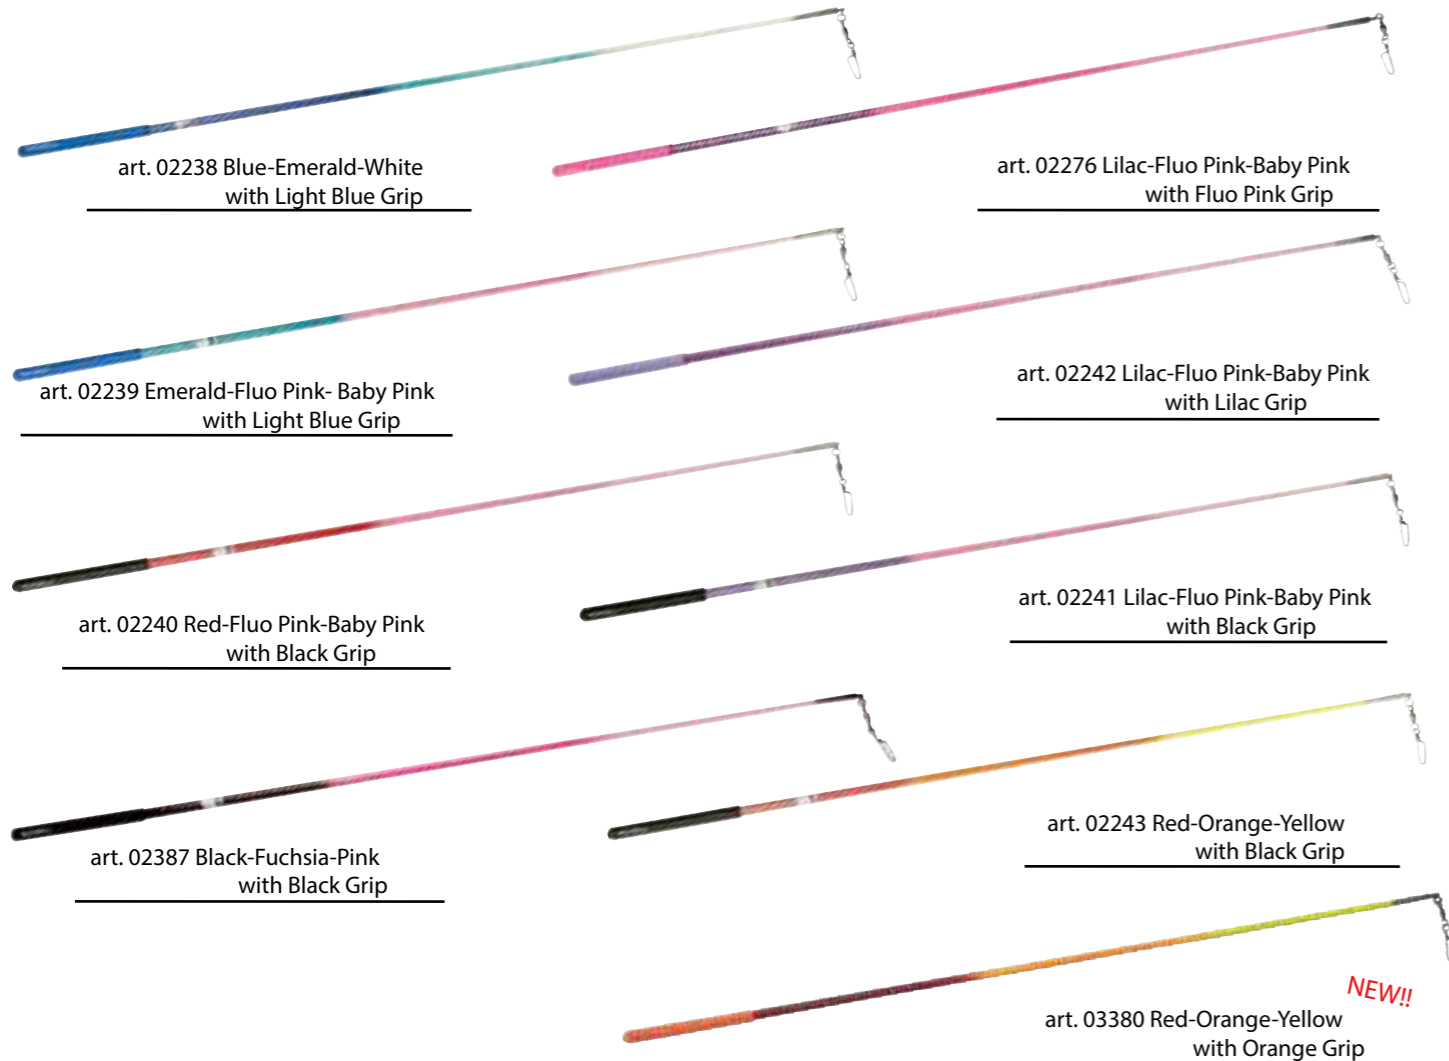

Fiberglass stick. Fixed metallic part with rolling piston completely realized in titanium.

## Pastorelli STICK SPARE PARTS

Spring Catch + Ring

art. 00433 Professional Plus Spring Catch + Ring

art. 00429 Spare Ring for Stick

## Pastorelli CORD for Stick

Cord for stick to be used in place of the spring catch. Tested for repeated and strong tractions.

Follow these instructions to assemble your cord:

- 1) Pass the cord through the hole at the end of the ribbon and that one at the end of the stick .
  - 2) Put the two ends of the cord together so that they are parallel to each other .
  - 3) Make a simple slip knot.
  - 4) Tighten the knot firmly.
  - 5) Cut both ends of the cord leaving 2 cm of border.
- The gold thread helps to control the thread safety .  
Remember that according to F.I.G. regulation the distance between the stick and the ribbon.  
( until the vertical seam) cannot be more than 7 cm .

art. 00428 Cord for Stick

art. 02600 Non-abrasive Cord for Stick

## Pastorelli KNOTTED Non-Abrasive Cord for Stick

Cord for stick to be used in place of the spring catch. Tested for repeated and strong tractions.

Follow these instructions to assemble your cord:

- Pass the loop through the ribbon hole (PICs. 1-2)
- Pass the cord through the loop and pull (PICs.3-4)
- Hook the stick up (PICs. 5-6)

art. 02601 Knotted Cord for Stick

## Pastorelli ALCANTARA® Half Shoes

Soft and resistant for a perfect performance of the foot.

Alcantara® is a registered trademark.

Slightly elasticated, allowing for balance between thinness and resistance.

Friction tests showed that compared to fabrics as light as alcantara, alcantara lasts more than the others.

It perfectly clings to your foot, is soft and long lasting.

## Pastorelli LEOTARDS

An infinite variety of different models come to life from customized patterns, shades and light play.

Our designers sketch leotards and then transfer them to a digital image using computer graphic design.

Our tailors then bring the designs to life by sewing the leotards using excellent craftsmanship.

With your creativity you can change colours and shapes of the sections in lycra.

Rhinestones make each of our leotards even more precious and unique. Swarovski rhinestones or other beadings are attached with an ultrasound machine, giving your leotard an extraordinary brightness.

Create your own leotard: every detail of your leotard including colour, shading and pattern can be customized by our designers.
